Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

No reference was found anticipating or a combination of references found making obvious a method for testing a semiconductor component having a plurality of terminal contacts by, providing a board, providing a substrate on the board, providing a plurality of movable test contactors on the substrate comprising first contacts including first conductive polymer layers and second contacts including second conductive polymer layers, each first contact and each second contact comprising a separate flexible segment of the substrate having a first conductive polymer layer and a second conductive polymer layer on opposing sides thereof, placing the component on the substrate with the test contactors moving independently to place the terminal contacts in electrical communication with the first contacts and the second contacts in electrical communication with the contacts, and applying test signals through the test contactors and the terminal contacts to the component.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays,

Art Unit: 2829

should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Examiner's Comments

Claims 21-40 are allowed.
